Figure 10 is a detailed schematic of the RW10 antenna system. It shows a horizontal dipole antenna with a length of 9000 units. The antenna is fed by a 12390 unit line, which is connected to a 9000 X 150 unit transformer. The feed system includes a 178 unit line, a 26R unit line, and a 27R unit line. The antenna is oriented at 095° to RW10. Various components are labeled with letters A through S, and the diagram includes a scale bar from 0 to 1000 units.
