

RNAV (RNP) Z RWY 36C
CINCINNATI/NORTHERN KENTUCKY INTL (CVG)

MISSED APPROACH: Climb to 3000 via 004° track to LOGOZ and via 005° track to NEATS and hold.

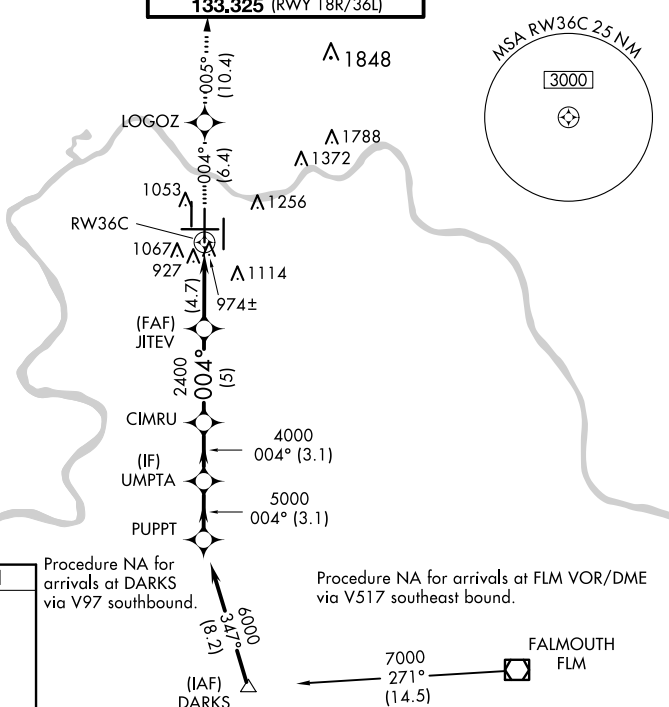

CPDLC

NEATS

190°

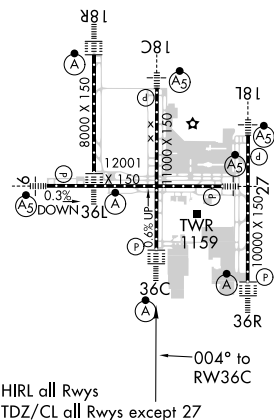

4 nm

The diagram shows a curved line representing a polymer chain. At the top left, the text 'NEATS' is present. The curve starts at a point, goes up and to the right, then bends sharply down and to the right. The angle of the bend is labeled '190°'. The total length of the curve is indicated by a horizontal line segment at the bottom right, labeled '4 nm'.

Procedure NA for arrivals at DARKS via V97 southbound

Procedure NA for arrivals at FLM VOR/DME
via V517 southeast bound.
